PERKUS

High performance roofing specialists

ITALIAN
TECHNOLOGY
AND DESIGN

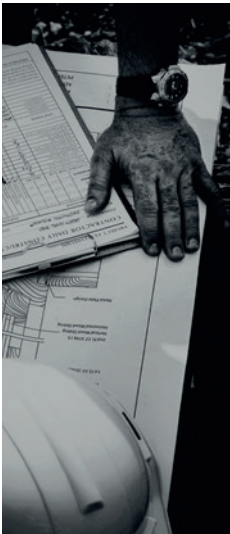

TECHNOLOGY

The **group r. casagrande** has been operating since 1975 in the ceramic market and through **PERKUS** has established itself as the **largest** semigres roof tile **manufacturer** in Brazil.

With the proposal to develop glazed and natural ceramic roof tiles and the most complete and innovative **Coverage System**, cutting-edge Italian technology and design and the highest standard of finishing, our mission is to go beyond the functional objective of protection and impermeability.

Today is the **leader** and **reference** in the segment in Brazil, sustained its position with over 200 million of roof tiles sold over the years worldwide.

ADVANTAGES

RESISTANCE TO SALINITY

RESISTANCE TO CRACKING

LOW WEIGHT PER SQM

LOW WATER ABSORPTION

HIGH IMPERMEABILITY

PERFECT FIT

EASY TO INSTALL

MANUFACTURING TRACEABILITY

HIGH RESISTANCE

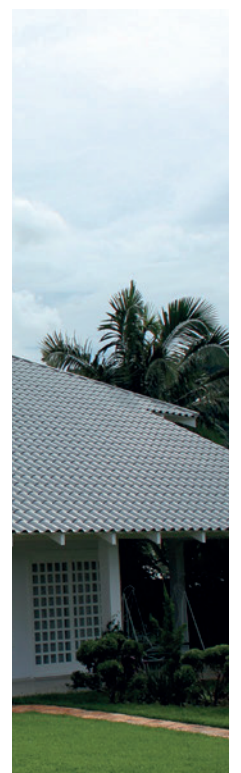

EASY TO CLEAN

THERMAL COMFORT

Available Colors

PERKUS FLEX

SELANTE

COLORLESS THERMOPLASTIC RUBBER

It is a sealant, easy to apply, composed of synthetic rubber and organic solvent.

WATERPROOFING THERMAL INSULATION

- Intercepts 95% of thermal radiation
- In summer it reduces temperature
- Low cost
- Easy installation

PERKUS

ROOF BLANKLET

Foil

PERKUS FITA

ASFÁLTICA

PerkusFita is an asphalt tape used for the installation of "dry ridge tile".

OTHER ADVANTAGES:

- Quick installation
- Does not require specialized labor

Rejun perkus

COLORLED MORTAR FOR ROOF TILE GROUTING

Its function is to seal and fix ridge tiles and half tiles.

PERKUS

GUTTER

100% aluminum gutters, already colored in the most used colors:

- White
- Coffee
- Ivory
- Grey

PERKUS CLEAN

DRY ROOF CLEANING

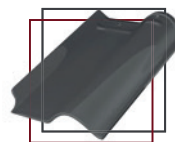

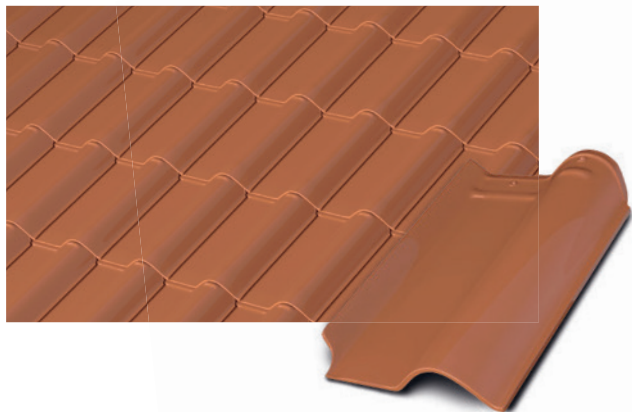

PerkusClean is an ecologically correct innovation, developed with high technology.

Available Colors: Silver, Gray, Grafite, White, Ivory, Brick, Bordeau, Coffee

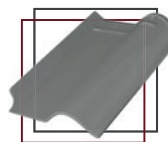

20kg bags with an average efficiency of 8 ridges tiles.
